

## PRESS RELEASE

Westport, Indiana  
Indiana District United Pentecostal Church  
Home Missions Department

The Home Missions team of Indiana will be building a "Church In A Day."

It may sound hard to believe, but on May 11, 2007 over 300 people from all around Indiana will converge on the city of Westport.

In a little less than 30 hours, they will raise a 2900 square foot church building complete with an auditorium with seating for approximately 150 people, baptistery, 3 Sunday school classrooms, church office, completely finished restrooms, and a sizeable vestibule.

All utilities, heating and air conditioning, complete with furnishings, that's right, COMPLETELY finished!!!!

**Church In A Day** is a national sponsored program of the United Pentecostal Church International; however, the complete project is funded through the local church, LIFE Apostolic Ministries. Currently the local congregation is searching for people, businesses, who would like to help in any way. All donations are completely tax deductible, God bless you for your consideration.

Through **Church In A Day** program, the local congregation benefits from over 300 people donating their skilled labor to the successful completion of the project. On May 11 at 6:30AM, over 300 laborers will start in unison, and continue to work around the clock until the church is completely finished, right down to the landscaping. The local church, LIFE Apostolic Ministries, want to invite the whole community to come be a part of this wonderful event. All are welcome to come and to bring a chair and to see this wonderful event that God has blessed. The Pastor of LIFE Apostolic Ministries, Rev. Gerald Sharp, wants to send a personal invitation to the whole community to come and be a part of the first, dedicatory service in the new church on May 13 @ 11:00AM.

Many **Church In A Day** projects have been done nationally by the UPCI. All of these projects have been covered by local major media outlets and one project in Texas was on Good Morning America. The last project completed was on August 25, 2006 in New Whiteland, Indiana. It was covered by, WISH(8), WRTV(6), FOX(59), and WTHR(13). Please visit <http://www.churchinaday.com> and see some of the news clips.

**Church In A Day** is a great "feel good story" and we want to encourage the community to rally around the unity of the people from around our great state helping a small church to build their new building. We have pictures of past projects available for e-mail. We would LOVE to have your local business, news outlet, to come and cover this amazing story of what people can do when they put their collective minds to helping friends.

I encourage you to come, cover the story, sponsor, with a financial blessing, or bless us LIFE Apostolic Ministries, with your petitions of prayer. Any correspondence, questions regarding **Church In A Day** in Westport, Indiana, should be made to:
